Then the two teams battled desperately for three extra innings, but in the twelfth Dayton batted Severs hard and scored twice. Score:

### BASE BALL MELANGE

The suggestion made in Saturday's Intelligencer that the Inter-state season be divided, has met with approval in Wheeling Mesers. Coyle and Herringthe players, and the base ball public all favor the idea. The Intelligencer has sent letters to all of the Inter-state magall favor the idea. The internsets magmates and to the base ball editors in the
several towns of the circuit, asking for
their views on the proposition. These
views will be published in the Intelligener of next Thursday, and it will be
interesting to know with what degree of
favor the matter is received. It will be
necessary to have the consent of twothirds of the clubs to make the change.
It would seem that Youngstown, Fort
Wayne, Springfield and Mansfield in addiction to Wheeling should be in favor of
the double senson. Thus, it would be
necessary to have but one more vote in
favor, and of New Castle. Toledo and
Dayton it seems probable that one club
would assent. It would be by far the
best line for New Castle to pursue, for
with the assurance of winning the first
season championship, the possibility of
taking the second series too, and the assurance that even without winning the
second series the club would figure in a
profitable series with the second season
winners—bearing these facts in mind it. second series the club wind had season profitable series with the second season winners—bearing these facts in mind it is difficult to imagine New Castle opposing the double season. Toledo and Dayton are the only teams of the learne that can reasonably oppose the double season, and its adoption cannot injure either of the two.

The Wheelings open their second week at home with the Fort Wayne team as opponents. Fort Wayne has braced up recently and will no doubt furnish an excellent article of ball. In to-day's kame. "Ducky" Minnehan, the Belaire pitcher who was the star of Jack Darrah's Twin Cities aggregation in '50, will be in the box for the visitors, and Wheeling will oppose him with Hallowell, who should pitch great ball after a rest of three days. The Nailers are determined to wipe out the disgrace of ten straight defeats and will begin operations with Cooke's men and endeavor to keep it up with the fast Toledo team which follows Fort Wayne with three games the second half of the week here.

The Wheeling management expects Joe Daly, the Philadelphia second baseman, who has been playing in the Connecticut league, to report here for duty this morning. If he arrives he will appear in the Wheeling uniform for the first time this afternoon. Catcher Tott recommended Daly highly and it is between the contract of the contract o ed that the weak spot at second will wiped out when Daly gets in the

league, last year. He has been playing in the Texas league this season, but the Dallas management wanted to cut his salary and the player declined to accept the cut. He has been wired for his terms and may be secured within the week.

The Youngstown management is still dickering with Messrs. Coyle and Herrington for the release of Third-baseman Lyons, but without success. Anderson offers \$350 for the player's release.

Truchart Taylor, the Huntington plicher, now attending a medical school at Louisville, was to have come to Wheeling on the first of the coming month, but it now appears that he has slipped through the ingers of the management. Some time ago Taylor accepted Wheeling's terms, but no contract was forwarded until last week, when Taylor informed the Wheeling club that he had received a better offer and therefore could not come to Wheeling.

It is a difficult matter to strengther It is a difficult matter to strengthen, but the Intelligencer is able to predict that within a few days the pitching department of the local club will be in excellent shape. Lines are out for good men and there is little doubt that another good man will be landed. With Hallowell, Campbell and Garvey pitching good ball and Coyle rounding to, another pitcher will put the team in excellent condition.
